

SCUBAPRO

S-TEK PRO HARNESS WITH BACK PLATE

The S-Tek Pro System's revolutionary design is built tough and loaded with features, helping to make your time at depth more comfortable and enjoyable. Designed for both utility and comfort, this system features 3D formed back plate with harness that includes adjustable TEK LOC shoulders to ensure a snug fit and molded Monprene® pads that provide cushioning without creating bulk or inherent buoyancy.

■ CUSTOMIZATION AVAILABLE

Color coordinate your S-Tek Pro Harness to match your other gear in 7 great colors. Shoulder & Waist Pad Color Kits offer two sets of brightly colored molded Monprene® shoulder and waist pads. Back Plate Color Kits offer a molded Monprene® back pad and all mounting hardware.

■ MOLDED MONPRENE® PADS

Cushion shoulders, waist and back for increased comfort.

■ SHOULDER BUCKLE AND D-RING HEIGHTS

Can be adjusted to suit different torso lengths.

■ 3D FORMED BACK PLATE

Features a softened organic shape, curved central profile and fully radiused edges for greater comfort.

■ GEAR CLIPPING OPTIONS

Two pre-bent D-rings on the shoulders, one D-ring on the waist, and two D-rings on the crotch strap are provided for clipping on extra gear.

■ EVO ANGLE WEBBING SLOTS

Allow for a more natural webbing routing that increases diver comfort and reduces abrasion.

■ MOUNTING POINTS

For trim weights and an argon tank mounting point.

■ RECESSED WING NUT SOCKET

Features S-Tek Ergo Nuts that are ergonomically designed to be used with cold, wet or gloved hands, easy to tighten/loosen and flush mounted to prevent suit abrasion.

■ CONVENIENT BUILT-IN HANDLE

For easy carrying of your back plate and harness pre and post dive.

■ BRANDED SILICONE EPAULET

On the left shoulder and branded silicone guide bands keep inflator hose and straps in place.

■ TWO BACK PLATE OPTIONS

Stainless Steel & Aluminum.
