

SCUBAPRO

S-TEK PURE SYSTEM PACKAGED SETS

SCUBAPRO S-TEK Pure Back Plate / Wing System was designed for technical divers who subscribe to the DIR [Doing It Right] approach to streamlined and minimalistic equipment configurations. For convenience, the system is sold as a comprehensive kit including the Pure Harness with Back Plate [Stainless Steel or Aluminum], 30lb Donut Wing and Single Tank Adapter, Pure Harness with Back Plate & 40lb Donut Wing and Pure Harness with Back Plate & 60lb Donut Wing.

■ SHOULDER CONFIGURATION OPTIONS

Include fixed-shoulder length harness for ultimate simplicity or Extender mode that allows the shoulder straps to extend for easier doffing & donning.

■ 3D FORMED BACK PLATE

Features a softened organic shape, curved central profile and fully radiused edges for greater comfort.

■ EVO ANGLE WEBBING SLOTS

Allow for a more natural webbing routing that increases diver comfort and reduces abrasion.

■ RECESSED WING NUT SOCKET

Features S-Tek Ergo Nuts that are ergonomically designed to be used with cold, wet or gloved hands, easy to tighten/loosen and flush mounted to prevent suit abrasion.

■ CUSTOMIZATION AVAILABLE

Color coordinate to match your other gear in 7 great colors. Shoulder & Waist Pad Color Kits offer two sets of brightly colored molded Monprene® shoulder and waist pads. Back Plate Color Pad Kits offer a molded Monprene® back pad and all mounting hardware.

■ GEAR CLIPPING OPTIONS

Two pre-bent D-rings on the shoulders, one D-ring on the waist, and two D-rings on the crotch strap are provided for clipping on extra gear.

■ 1000D CORDURA OUTER SHELL AND 500D CORDURA INNER BLADDER

Deliver industry leading abrasion resistance and feature ecofriendly and color fast Dope-Dyed Fabric.

■ IMPROVED ROUNDED PROFILE

Reduces air trapping and helps ensure smooth, controlled air migration.

■ TEK BPI

Designed by SCUBAPRO, the Tek BPI is based on a K-style layout offering an extremely robust and lightweight design for smooth balanced air control during inflation/deflation.

■ ELLIPTICAL EPDM CORRUGATED INFLATOR HOSE

Highly durable hose that's crush resistant and flexible. Features an exclusive saddle for LP hose retaining band.

■ CONTINUOUS WEBBING HARNESS

Provides a custom, individualized fit.
